### ASKS TO BE RELIEVED

VICEROY ALEXIEFF SENDS HIS  
RESIGNATION TO THE CZAR  
BY TELEGRAPH.

### REQUEST WILL BE GRANTED

APPOINTMENT OF VICE ADMIRAL  
SKRYDLOFF CAUSE OF VICE-  
ROY'S ACTION.

### RECOMMENDATIONS IGNORED

RUSSIAN RULER PAID NO ATTEN-  
TION TO ALEXIEFF'S SUG-  
GESTIONS OF LATE.

St. Petersburg, April 20.—Viceroy Alexieff has applied by telegraph to the emperor to be relieved of his position of viceroy in the far East.

It is expected that the request will be immediately granted.

While no official announcement has yet been made there is reason to believe that the above statement is correct.

The immediate cause of the viceroy's application is reported to be the appointment of Vice Admiral Skrydloff, one of Admiral Alexieff's strongest enemies and sharpest critics, as successor to the late Vice Admiral Makarov in command of the Russian navy in the far East.

Vice Admiral Skrydloff had an interview with the emperor Tuesday and discussed with his majesty the question of his (Skrydloff's) relations with Alexieff.

The relieving of from command of Viceroy Alexieff would not surprise intelligent observers of the far Eastern situation who are familiar with the gradual change in the emperor's attitude toward the viceroy and M. Bezobrazoff, who represented the militant, or advanced element, which was anxious that Russia should remain in Manchuria.

It was to these two men that the Anglo-Japanese entente first lost its terrors. They believed that Great Britain would not go to war and that Japan could not do so. To the indignation of Japan they succeeded in turning the policy of the empire from carrying out the treaty for the entire evacuation of Manchuria, pending further demands on China.

Alexieff Rises to Power.

After Japan had submitted an inquiry as to whether Russia was disposed to reopen the negotiations respecting Manchuria and Korea, a viceroyalty in the far East, a special secretary of state and an advisory committee were created, Alexieff being appointed viceroy and Bezobrazoff secretary of state.

Seventeen days after these appointments were made, M. Witte, who had been opposed to the policy of Alexieff and Bezobrazoff, was relieved of his portfolio as minister of finance.

It was through his new official advisors that the emperor conducted negotiations with Japan, and it is claimed that they misjudged the temper and purpose of the Japanese and left the emperor in ignorance of the preparations for war which Japan was making and the rising war spirit of that empire.

The enemies of Alexieff have persistently asserted that as the man on the spot he should have kept the emperor informed concerning these vital points.

On the eve of the war Alexieff apparently still had the confidence of the czar, but the lack of preparedness of the Port Arthur fleet, as shown in the cases of the battleships Retvizan and Carevitch, called the attention of the emperor to the slackness of the naval administration in the far east.

The anti-Alexieff party in St. Petersburg held that Vice Admiral Stark, who was the viceroy's representative, was responsible under him for the first reverse at Port Arthur.

Viceroy Alexieff recommended the

appointment of either Vice Admiral Dubassoff or Vice Admiral Makarov to command the fleet in succession to Vice Admiral Stark. The emperor selected Makarov and at the same time issued a special ukase making him absolutely independent. This was the first blow publicly given to Alexieff.

Second Blow Administered.

The second was the appointment of General Kuropatkin as commander-in-chief of the army in Manchuria. Kuropatkin sided with Count Lamsdorf, the foreign minister, and M. Witte, against the policy of Manchurian annexation and stated to the Chinese minister to Russia, Mr. Hoo Wei Teh, that the whole trouble originated with Alexieff.

That there might be no doubt of Kuropatkin's exact jurisdiction the emperor issued another ukase defining it and giving the former minister of war complete control of military operations in the far East.

Officials in St. Petersburg say it must have been evident to Alexieff that his star had waned. He had neither the army nor the navy under his control, being charged merely with the civil administration, but in time of war there is no civil administration or at least little.

The viceroy received the official dispatches from Makarov and Kuropatkin, but even this last spread of his dignity was removed when the two commanders communicated directly with the emperor.

When the Petropavlovsk was sunk Alexieff started from Mukden for Port Arthur, telegraphing the emperor on his arrival there that he had hoisted his flag on the battleship Sevastopol and would direct the operations of the fleet until a new commander was sent out. It is said that no answer to this was sent by the emperor.

Without consulting Alexieff's wishes and without considering Vice Admiral Dubassoff, whom he had originally recommended, the emperor telegraphed Vice Admiral Skrydloff to proceed to Port Arthur via St. Petersburg and assume command of the fleet. It is said that not even this fact was officially communicated to Alexieff and he was allowed to learn of it through the press dispatches. Alexieff considered the matter for three days, at the end of which he is said to have reached a decision to apply for leave.

Cause of Enmity Unknown.

The cause of the enmity between Alexieff and Skrydloff it is impossible to learn. It is believed to be deeper than a mere difference of opinion as to the far Eastern policy.

Skrydloff has not hesitated in talking to his friends to charge Alexieff with responsibility for the disasters to the Pacific squadron by his division of the fleet, which segregated four armored cruisers at Vladivostok and stationed the Variaz and Korietz at Chemulpo.

It is said that Vice Admiral Skrydloff in his interview Tuesday let his majesty understand that he does not care to assume command of the fleet until Alexieff has withdrawn. Therefore, the two men will not meet at Port Arthur.

Viceroy Alexieff is expected to come directly to St. Petersburg and his friends hope that he will be elevated to the council of the empire. By his withdrawal from the far East he will not only lose the dignified position of direct representative of the emperor, but the salary of \$25,000 and an allowance of \$25,000 per annum.

When Alexieff severs his connection with the far Eastern question none of the men responsible for the policy pursued before the war will be in power, M. Bezobrazoff having already lost the confidence of his majesty and the advisory committee's duties at present being purely perfunctory.

It is not expected that a successor to Viceroy Alexieff will be appointed, as the importance of the post of viceroy has disappeared, owing to the result of the war.

### STRENGTHENING POSITIONS.

Russians Prepare to Resist Japanese Advance.

Seoul, April 20.—The Russians are strengthening their fortifications at Chitiencheng with all possible haste and are sending in reinforcements of artillery and infantry with the intention of stubbornly contesting the expected attempt of the Japanese to cross the Yalu river.

Chitiencheng is about nineteen miles north of Antung, on the Manchuria side of the Yalu, and almost opposite Wiju, where the Japanese are reported to be in force.

### SAID TO BE UNDER CONTROL

FIREMEN CLAIM THEY HAVE WON  
THEIR LONG BATTLE WITH  
THE GREAT FIRE.

Toronto, Ont., April 20.—Fire swept through a section of Toronto's wholesale district last night, causing a loss which will reach up to \$10,000,000. The fire started in a factory in Wellington street about 9 o'clock. In less than an hour the flames had spread from building to building on both sides of the street until the whole block was a mass of flames and the fire was utterly beyond control of the local department. Appeals were sent to every surrounding city where fire apparatus could be obtained asking for assistance. Montreal, London, Hamilton and Buffalo at once responded.

It was believed at 11 o'clock that the fire was under control but a sudden shift in the wind again fanned the flames into a roar and clouds of sparks and burning brands were carried down side streets until three entire blocks were doomed.

Fire Chief Thompson and George Dowkes of Montreal were cut off by the flames while directing the work of firemen from a roof. Thompson jumped six stories to the ground and miraculously escaped with a broken leg. A mass of tangled wires broke his fall near the ground. Dowkes has not been seen since and it is believed he perished.

From the Currie warehouse on Wellington street, where it originated, the fire spread with astounding rapidity to the west, destroying several buildings and then made a clean sweep up Wellington street to the Queens hotel.

### Flames Stopped at Hotel.

The thick walls of the hotel and the concentrated efforts of the fire fighters stopped the flames there, but in the meantime the fire had swept across the street and the block of buildings from Bay street west to the National club was wiped out.

At that time the firemen believed the fire was under control but a shift in the wind sent the flames roaring down Bay street, destroying every building on both sides of the street from the National club to Front street.

Nothing could resist the force of the flames as they swept down Bay street toward the lake and the firemen fought back the fire from side streets, confining the fire zone to the one thoroughfare wherever possible.

Several frame buildings which threatened to cause a spread of the fire were blown up with dynamite.

At 1:30 Wednesday morning Bay street was on fire from Wellington street down to the lake front, but the firemen were meeting with success in their efforts to prevent a further spread and it is believed the fire will burn itself out there.

At 3:15 a. m. the fire was still burning fiercely in the two blocks between Wellington street on the north and the water front, bounded on the west by Yonge street and on the east by Bay street. The firemen have arrived from London, Hamilton and Buffalo. The acting fire chief said at that hour that the fire was practically under control, but there is still danger of its spreading further to the west. The total loss is estimated at over \$10,000,000.

The DISPATCH will be delivered at your door for 40 cents per month.

RESIGNATION TO THE CZAR

APPOINTMENT OF VICE ADMIRAL  
SKRYDLOFF CAUSE OF VICE-  
ROY'S ACTION.

### RECOMMENDATIONS IGNORED

RUSSIAN RULER PAID NO ATTEN-  
TION TO ALEXIEFF'S SUG-  
GESTIONS OF LATE.

St. Petersburg, April 20.—Viceroy  
Alexieff has applied by telegraph to  
the emperor to be relieved of his position  
of viceroy in the far East.

It is expected that the request will  
be immediately granted.

While no official announcement has  
yet been made there is reason to be-  
lieve that the above statement is cor-  
rect.

The immediate cause of the viceroy's  
application is reported to be the ap-  
pointment of Vice Admiral Skrydloff,  
one of Admiral Alexieff's strongest  
enemies and sharpest critics, as suc-  
cessor to the late Vice Admiral Ma-  
karoff in command of the Russian navy  
in the far East.

Vice Admiral Skrydloff had an inter-  
view with the emperor Tuesday and  
discussed with his majesty the ques-  
tion of his (Skrydloff's) relations with  
Alexieff.

The relieving from command of  
Viceroy Alexieff would not surprise in-  
telligent observers of the far Eastern  
situation who are familiar with the  
gradual change in the emperor's atti-  
tude toward the viceroy and M. Bez-  
brazoff, who represented the militant,  
or advanced element, which was  
anxious that Russia should remain in  
Manchuria.

As to these two men that the  
Anglo-Japanese entente first lost its  
terrors. They believed that Great  
Britain would not go to war and that  
Japan could not do so. To the indigna-  
tion of Japan they succeeded in  
turning the policy of the empire from  
carrying out the treaty for the entire  
evacuation of Manchuria, pending  
further demands on China.

Alexieff Rises to Power.

After Japan had submitted an in-  
quiry as to whether Russia was dis-  
posed to reopen the negotiations re-  
specting Manchuria and Korea, a  
viceroyalty in the far East, a special  
secretary of state and an advisory  
committee were created, Alexieff be-  
ing appointed viceroy and Bezobrazoff  
secretary of state.

Seventeen days after these appoint-  
ments were made, M. Witte, who had  
been opposed to the policy of Alexieff  
and Bezobrazoff, was relieved of his  
portfolio as minister of finance.  
It was through his new official ad-  
visors that the emperor conducted ne-  
gotiations with Japan, and it is claimed  
that they misjudged the temper and  
purpose of the Japanese and left the  
emperor in ignorance of the prepara-  
tions for war which Japan was making  
and the rising war spirit of that em-  
pire.

The enemies of Alexieff have per-  
sistently asserted that as the man on  
the spot he should have kept the em-  
peror informed concerning these vital  
points.

On the eve of the war Alexieff ap-  
parently still had the confidence of  
the czar, but the lack of preparedness  
of the Port Arthur fleet, as shown in  
the cases of the battleships Retvizan  
and Csarevitch, called the attention  
of the emperor to the slackness of the  
naval administration in the far east.

The anti-Alexieff party in St. Peters-  
burg held that Vice Admiral Stark,  
who was the viceroy's representative,  
was responsible under him for the  
first reverse at Port Arthur.

Viceroy Alexieff recommended the

appointment of either Vice Admiral  
Dehassoff or Vice Admiral Makaroff to  
command the fleet in succession to  
Vice Admiral Stark. The emperor se-  
lected Makaroff and at the same time  
issued a special ukase making him ab-  
solutely independent. This was the  
first blow publicly given to Alexieff.

Second Blow Administered.

The second was the appointment of  
General Kuropatkin as commander-  
in-chief of the army in Manchuria.  
Kuropatkin sided with Count Lam-  
dorff, the foreign minister, and M.  
Witte, against the policy of Manchu-  
rian annexation and stated to the  
Chinese minister to Russia, Mr. Hoo  
Wei Teh, that the whole trouble origi-  
nated with Alexieff.

That there might be no doubt of  
Kuropatkin's exact jurisdiction the  
emperor issued another ukase defining  
it and giving the former minister of  
war complete control of military opera-  
tions in the far East.

Officials in St. Petersburg say it  
must have been evident to Alexieff  
that his star had waned. He had  
neither the army nor the navy under  
his control, being charged merely  
with the civil administration, but in  
time of war there is no civil adminis-  
tration or at least little.

The viceroy received the official dis-  
patches from Makaroff and Kuropat-  
kin, but even this last spread of his  
dignity was removed when the two  
commanders communicated directly  
with the emperor.

Then the Petropavlovsk was sunk  
Alexieff started from Mukden for Port  
Arthur, telegraphing the emperor on  
his arrival there that he had hoisted  
his flag on the battleship Sevastopol  
and would direct the operations of the  
fleet until a new commander was sent  
out. It is said that no answer to this  
was sent by the emperor.

Without consulting Alexieff's wishes  
and without considering Vice Admiral  
Dobassoff, whom he had originally  
recommended, the emperor telegraphed  
Vice Admiral Skrydloff to proceed  
to Port Arthur via St. Petersburg and  
assume command of the fleet. It is  
said that not even this fact was offi-  
cially communicated to Alexieff and  
he was allowed to learn of it through  
the press dispatches. Alexieff con-  
sidered the matter for three days, at  
the end of which he is said to have  
reached a decision to apply for leave.

Cause of Enmity Unknown.

The cause of the enmity between  
Alexieff and Skrydloff it is impossible  
to learn. It is believed to be deeper  
than a mere difference of opinion as to  
the far Eastern policy.

Skrydloff has not hesitated in talk-  
ing to his friends to charge Alexieff  
with responsibility for the disasters  
to the Pacific squadron by his division  
of the fleet, which segregated four ar-  
mored cruisers at Vladivostok and  
stationed the Varieg and Korietz at  
Chemulpo.

It is said that Vice Admiral Skryd-  
loff in his interview Tuesday let his  
majesty understand that he does not  
care to assume command of the fleet  
until Alexieff has withdrawn. There-  
fore, the two men will not meet at  
Port Arthur.

Viceroy Alexieff is expected to come  
directly to St. Petersburg and his  
friends hope that he will be elevated  
to the council of the empire. By his  
withdrawal from the far East he will  
not only lose the dignified position of  
direct representative of the emperor,  
but the salary of \$56,000 and an al-  
lowance of \$25,000 per annum.

When Alexieff severs his connection  
with the far Eastern question none of  
the men responsible for the policy pur-  
sued before the war will be in power,  
M. Bezobrazoff having already lost the  
confidence of his majesty and the ad-  
visory committee's duties at present  
being purely perfunctory.

It is not expected that a successor  
to Viceroy Alexieff will be appointed,  
as the importance of the post of vic-  
eroy has disappeared, owing to the re-  
sult of the war.

Toronto, Ont., April 20.—Fire swept  
through a section of Toronto's whole-

which will reach up to \$10,000,000. The  
fire started in a factory in Wellington  
street about 9 o'clock. In less than  
an hour the flames had spread from  
building to building on both sides of  
the street until the whole block was a  
mass of flames and the fire was utterly  
beyond control of the local depart-  
ment. Appeals were sent to every sur-  
rounding city where fire apparatus  
could be obtained asking for assist-  
ance. Montreal, London, Hamilton  
and Buffalo at once responded.

It was believed at 11 o'clock that the  
fire was under control but a sudden  
shift in the wind again fanned the  
flames into a roar and clouds of  
sparks and burning brands were car-  
ried down side streets until three en-  
tire blocks were doomed.

Fire Chief Thompson and George  
Dowkes of Montreal were cut off by  
the flames while directing the work  
of firemen from a roof. Thompson  
jumped six stories to the ground and  
miraculously escaped with a broken

THIRTEEN conductors on the Great Northern running from Grand Forks and Minot have been relieved of their jobs. The bonding company have had a force of Pinkerton detectives riding over the road for some time and they are said to have secured evidence that the conductors have been taking more than a working interest in the welfare of the road.

THE city laborers of St. Cloud are organizing a union and will ask \$1.75 per day of nine hours, the present scale being \$1.65 for ten hours. The democrats at their recent city convention there declared in favor of the employment of organized labor upon all city contracts, and at the first meeting of the new city council the union candidate for street commissioner received but three out of the fourteen votes, and some people are wondering where the democratic consistency comes in.

The plaintiff was twenty-four years of age at the time of the accident and was earning \$100 a month.

## WILL THE MAYOR SIGN CONTRACT?

Have to Re-advertise for Bids  
for Second Ward Sewer

### INJUNCTIONS WILL FOLLOW

It is Thought Unless Council Gives  
Ear-Petition Advised by  
Attorney Blewitt

There is some speculation now on just what attitude Mayor A. J. Halsted will assume in relation to the contract for the Second ward sewer when it reaches him for his signature, in view of the action of some of the residents of the Second ward remonstrating against the contract being executed at all.

The mayor was seen this morning but he refused to say anything about the matter just now. It has been learned since the meeting of the council Monday night that the residents of the Second ward who signed the petition first went to Attorney T. C. Blewitt and wanted to commence injunction proceedings at once. Attorney Blewitt is said to have advised them to first petition the council before taking any legal steps and they consented to this.

Krottoschinsky, Sr. He is very low and is not expected to live. He is about 83 years of age.—Swan River correspondence, Little Falls Transcript.

In speaking of the musical at Little Falls on Monday evening the Transcript pays the following compliment to Mrs. G. D. LaBar, of this city: "The two numbers given by Mrs. LaBar, of Brainerd, were especially attractive features of the program. Her first solo, "Summer" was followed by "Under the Rose" for an encore. Her other numbers were "When Song is Sweet" and "When Love is Gone." Mrs. LaBar has an exceptionally sweet voice and its good control shows careful training. Her enunciation and expression are beyond criticism, and her pleasing manner puts her at once in touch with her audience. ## MITCHELL TO LEAVE NORTHERN PACIFIC

Superintendent of Motive Power of the N. P. Resigns to Go With the Erie System

### PROBABLE SUCCESSORS NAMED

One Report Has it that A. W. Wheatley will be Promoted to the High Position.

It is reported on good authority that A. E. Mitchell, for some time superintendent of motive power on the Northern Pacific railway, has resigned and will return east, the scene of his former labors, says the Pioneer Press. He goes to the Lehigh Valley railroad to a position similar to that which he has held here.

The Erie railroad is now operated under the direction of President Thomas and Vice President Middleton, who were connected with the system when Mr. Mitchell was its superintendent of motive power. Mr. Mitchell is making the change purely for family reasons, as his connection with the Northern Pacific has been in every way pleasant, and he leaves with the profound regrets of himself and wife, as well as those of the men who have been under him.

Several officials have been mentioned as his successor, among them David Van Alstyne, superintendent of motive power of the Chicago Great Western railway; Mechanical Engineer Young of the Chicago, Burlington & Quincy at Chicago; G. W. Smith, superintendent of motive power of the Burlington railroad in Nebraska; W. S. Morris of the Erie railroad and M. H. Barnham, late of the Rock Island.

President Elliott left for the east yesterday and expects to decide upon Mr. Mitchell's successor before his return.

Few motive power officials in the west have been on more friendly terms with the engineers and other employees of the systems with which they are connected than Mr. Mitchell. He has included in his personal acquaintance a large majority of the engineers on the system, by whom he was considered an ideal official, both for his ability in keeping power up to strict standards and for his skill in handling the difficult problems presented to his department during periods of stress of traffic. During his connection with the system Mitchell has spent much of his time on the road and engaged in personal supervision and inspection of the department's work. His resignation will be the cause of general regret among the employees of the system, from St. Paul to the Pacific.

One report has been circulated in Brainerd that A. W. Wheatley, formerly superintendent of the shops here, would be promoted to the position. There is yet no foundation for this report.

## OFFICERS ARE AFTER REPKA

William Repka, of Cromwell, is alleged to be a Bigamist of the Darkest Hue

## HE MARRIED A MOTLEY GIRL

And Has Narrow Escape from Being Captured--Wife and Children Live at Cromwell.

The authorities of Morrison county are all stirred up over an affair that occurred at Motley some ten days ago and the subsequent facts which have been brought to light which, it is alleged, prove William Repka, of Cromwell, this state, a bigamist of the worst sort.

According to the story Repka came to Motley in the fall or winter and stayed there for some time, and while there met and made love to Miss Lucy Brown, daughter of Landlord Brown of the City hotel. He left Motley for a time but kept up a correspondence with the young lady and about April 8 he returned to Motley and took Miss Brown to Little Falls where they were married. They returned again to Motley and the astute Mr. Repka lived with his newly wedded wife in peace. It seems that the news of the marriage of Repka and the Brown girl got to the ears of the young man's father at Cromwell and Saturday he came to Brainerd and proceeded from here to Motley to investigate.

Upon arriving at Motley it is reported he proceeded to straighten out the kinks so far as his son was concerned and gave him money to get out of town, which Repka did.

Sunday morning he told Brown, the proprietor of the hotel, all. He stated that his son was married and had two children and that he been supporting the step-daughter and children all winter.

It is said that Repka's friends at Cromwell supposed that he was at Brainerd during the winter and that his mail came here and was forwarded.

Yesterday the authorities arrested two men at Little Falls but neither of them proved to be the right party.

In reporting the marriage the Motley Mercury, who was evidently as much in the dark as the rest of the people of Motley, he is following to say:

"Miss Brown is one of Motley's, esteemed young ladies and has many friends who wish her much happiness. Mr. Repka is a young man of exemplary habits. He was engaged as agent for

the McCormick harvester company last year but severed his connection with them and is now engaged as traveling agent for a nursery company."

## OFFICERS ARE AFTER REPKA

William Repka, of Cromwell, is Alleged to be a Bigamist of the Darkest Hue

## HE MARRIED A MOTLEY GIRL

And Has Narrow Escape from Being Captured--Wife and Children Live at Cromwell.

The authorities of Morrison county are all stirred up over an affair that occurred at Motley some ten days ago and the subsequent facts which have been brought to light which, it is alleged, prove William Repka, of Cromwell, this state, a bigamist of the worst sort.

According to the story Repka came to Motley in the fall or winter and stayed there for some time, and while there met and made love to Miss Lucy Brown, daughter of Landlord Brown of the City hotel. He left Motley for a time but kept up a correspondence with the young lady and about April 8 he returned to Motley and took Miss Brown to Little Falls where they were married. They returned again to Motley and the astute Mr. Repka lived with his newly wedded wife in peace. It seems that the news of the marriage of Repka and the Brown girl got to the ears of the young man's father at Cromwell and Saturday he came to Brainerd and proceeded from here to Motley to investigate.

Upon arriving at Motley it is reported he proceeded to straighten out the kinks so far as his son was concerned and gave him money to get out of town, which Repka did.

## MITCHELL TO LEAVE NORTHERN PACIFIC

Superintendent of Motive Power of the N. P. Resigns to Go With the Erie System

## PROBABLE SUCCESSORS NAMED

One Report Has it that A. W. Wheatley will be Promoted to the High Position.

It is reported on good authority that A. E. Mitchell, for some time superintendent of motive power on the Northern Pacific railway, has resigned and will return east, the scene of his former labors, says the Pioneer Press. He goes to the Lehigh Valley railroad to a position similar to that which he has held here.

The Erie railroad is now operated under the direction of President Thomas and Vice President Middleton, who were connected with the system when Mr. Mitchell was its superintendent of motive power. Mr. Mitchell is making the change purely for family reasons, as his connection with the Northern Pacific has been in every way pleasant, and he leaves with the profound regrets of himself and wife, as well as those of the men who have been under him.

Several officials have been mentioned as his successor, among them David Van Alstyne, superintendent of motive power of the Chicago Great Western railway; Mechanical Engineer Young of the Chicago, Burlington & Quincy at Chicago; G. W. Smith, superintendent of motive power of the Burlington railroad in Nebraska; W. S. Morris of the Erie railroad and M. H. Barnham, late of the Rock Island.

President Elliott left for the east yesterday and expects to decide upon Mr. Mitchell's successor before his return.

Few motive power officials in the west have been on more friendly terms with the engineers and other employees of the systems with which they are connected than Mr. Mitchell. He has included in his personal acquaintance a large majority of the engineers on the system, by whom he was considered an ideal official, both for his ability in keeping power up to strict standards and for his skill in handling the difficult problems presented to his department during periods of stress of traffic. During his connection with the system Mitchell has spent much of his time on the road and engaged in personal supervision and inspection of the department's work. His resignation will be the cause of general regret among the employees of the system, from St. Paul to the Pacific.

One report has been circulated in Brainerd that A. W. Wheatley, formerly superintendent of the shops here, would be promoted to the position. There is yet no foundation for this report.

## AGAINST PETITIONERS

DECISION OF FEDERAL COURT AT ST. PAUL IN THE NORTHERN SECURITIES CASE.

DISTRIBUTION PLAN IS LEGAL

THE PRO RATA METHOD OF DISTRIBUTING STOCK NO VIOLATION OF DECREE.

St. Paul, April 20.—In the United States circuit court during the morning Judges Sanborn, Thayer, Van Devanter and Hook unanimously denied the application of Harriman and Pierce and the Oregon Short Line Railroad company for leave to intervene in the case of the United States against the Northern Securities company on the following grounds:

First—The plan of the directors of the Northern Securities company for the distribution of the stock of the Great Northern and Northern Pacific Railway companies is not violative of the decree in the Northern Securities case.

Second—No one but the United States can successfully appeal to the court to enjoin the execution of that plan on the ground that it is in violation of the Sherman anti-trust act and the United States expresses satisfaction with the present decree.

Third—The stock of the two railway companies is not in the custody of the court.

Fourth—An intervention is not necessary to enable the petitioners to protect any pecuniary interest or equity they have.

Judge Thayer delivered the opinion of the court.

TO CONTINUE THE ACTION.

Harriman Interests Intend to Begin a New Suit.

New York, April 20.—Legal representatives of the Harriman party were in conference with the banking interests in the afternoon. Later a representative of the latter interests said: "We intend to continue this action. Our lawyers have not yet decided when or where to make the next move. It may be in New Jersey or in this state."

DISCUSSED IN THE SENATE.

Question of Additional Accommodations in Office Rooms.

Washington, April 20.—The question of additional accommodations in the way of office and committee rooms occupied the attention of the senate the greater part of the day. The subject arose in connection with the provisions in the sundry civil appropriation bill, one for an extension of the East front of the Capitol building in accordance with sketches left by Architect Walters and the other for an outside senate office and committee building. Much variety of opinion was expressed and the question was still under consideration when the senate adjourned.

Seven minor bills were passed during the day.

STATEHOOD MEASURE

HOUSE PASSES BILL CREATING TWO NEW STATES IN THE SOUTHWEST.

Washington, April 20.—After a debate extending through the entire session, the house Tuesday passed the bill providing for joint statehood of Oklahoma and Indian Territory under the name Oklahoma and of Arizona and New Mexico under the name of Arizona. In discussing the rule which had been reported by the committee on rules, providing for immediate consideration of the bill, Mr. Williams, the minority leader, declared that no Republican had any idea that the bill would become law at this session. Delegate Wilson of Arizona opposed the bill. It was favored by Delegates Rodey of New Mexico and McGuire of Oklahoma.

BREAK IN MAY CORN.

Armour Sells and Price of the Cereal Goes Down.

Chicago, April 20.—May corn had a savage break of 2 1/2 cents on 'change Tuesday, with Armour an open seller. The general impression was that the big line held by that house has been quietly liquidated during the past two weeks and that the deal is practically over. The Armour selling began shortly before noon and for an hour the pit was in a turmoil, anxious longers clumping their lines, fighting, to get rid of their corn before the bottom went out of the market. One representative of the Armour company sold personally fully 500,000 bushels of May.

The Armour line originally was generally estimated as high as 15,000,000 bushels and it was accumulated mostly between 17 and 23. The closing price Tuesday for May was 49 1/2, just 2 1/2 under the final figures of Monday.

Barrington Ready to Die.

St. Louis, April 20.—Lord F. Seymour Barrington, convicted of the murder of James P. McCan, has instructed his attorney not to enter an appeal in his case. He declares his innocence, but says that he is ready to die, as his imprisonment is unbearable.

American Girl Suicides in Berlin.

Berlin, April 20.—Miss Edith Brincott of New York committed suicide with a revolver last night after visiting the grave of her lover, a German engineer, who died here shortly after his visit to America, where he met and became engaged to Miss Brincott.

## PROPOSES INCREASED TAXES.

British Chancellor of the Exchequer Says Country Faces a Deficit.

London, April 20.—Austen Chamberlain, chancellor of the exchequer, estimates the expenditures of 1904-5 at \$714,400,000 and the revenue, on the basis of the existing taxation, at \$695,300,000, leaving a deficit of \$19,100,000 to be made up. He proposes, therefore, to increase the income tax by 2 cents. He also proposes an additional tax of 4 cents per pound on tea.

The chancellor further proposes a readjustment of the tobacco duties, imposing a duty of 31 cents on tobacco stripped before imported, also an additional duty of 12 cents on cigars and an additional 25 cents on foreign cigarettes.

Mr. Chamberlain proposed also to raise the moisture limit to 32 per cent and introduce three or four different rates in the drawbacks, which he hoped would increase Great Britain's tobacco export trade, especially to the colonies. The net gain by these tobacco changes was estimated at \$2,750,000.

PENNSYLVANIA DEMOCRATS.

Send an Uninstructed Delegation to St. Louis Convention.

Harrisburg, Pa., April 20.—The Democratic state convention, which was held here Tuesday, voted down a motion to instruct the national delegates from Pennsylvania to vote for the nomination of Judge Alton B. Parker of New York for president. The delegates will go to St. Louis uninstructed and will be bound by the unit rule.

Justice Samuel Gustine Thompson of Philadelphia was nominated by acclamation for supreme court justice to succeed himself for the full term of twenty-one years.

The delegates at large to the national convention are Colonel J. M. Guffey, State Chairman J. K. P. Hall, ex-Governor Robert E. Pattison and Robert E. Wright.

OPINION OF MR. DRYAN.

Believes Platform Will Prevent Nomination of Judge Parker.

Lincoln, Neb., April 20.—W. J. Bryan gave to the press the following statement concerning the action of the New York Democratic state convention:

"I do not think the instructions will give Judge Parker any additional strength, but the platform adopted by the convention ought to prevent his nomination unless the Democrats when they assemble at St. Louis decide to attempt a confidence game on the public."

## SIX PERSONS PERISH

TWO WOMEN AND FOUR CHILDREN BURNED TO DEATH AT GARRETT, PA.

Somerset, Pa., April 20.—Two women and four children were burned to death in a fire which destroyed the home of a miner named Meyers at Garrett, during a clash between union and nonunion miners. The dead are Mrs. Roanna Meyers, Lucinda Meyers, 30 years old; Annie Meyers, 8 years; Richard Meyers, 5 years, and two young children of Lucinda Meyers.

Trouble has been brewing at Garrett since the inauguration of the miners' strike five months ago. A number of the striking miners at Garrett own homes there, but recently the Garrett Coal company erected a number of houses and the bringing of new men to occupy these houses and take the places of the workers in the mines has worked the latter up to a high state of excitement and resentment. The strikers have been parading the streets openly armed and they have prevented the moving of the household goods of incoming miners from the railway station to the new company houses.

The fire may or may not be connected with the strike. The house was a one and one-half story log building and the women and children were sleeping in the upper story.

The strikers lay the origin of the fire to a number of Italians who are working for the Garrett Coal company, but what motive they could have for such a crime is not known.

SWEEP THE STATE.

Democrats Elect Their Ticket in Louisiana.

New Orleans, April 20.—In the general election the Democrats Tuesday swept the state, electing their tickets headed by Former Justice N. C. Blanchard, for governor, and practically a solid representation in both houses of the legislature. The regular Republicans put no ticket in the field and practically no negro votes were cast. The legislature will probably elect Senator M. J. Foster to the United States senate.

At Gonzales, Sam Moore was killed by Sheriff Smith and this was the only election fight.

FATAL WRECK IN MEXICO.

Eight Persons Killed and Dozens of Others Injured.

Mexico City, April 20.—The north-bound fast passenger train, No. 1, on the Mexican Central, which left this city at night, jumped the track about four kilometers north of Zacatecas Tuesday, resulting in the death of eight persons and the injuring of thirty-five or forty others.

Roeski's Case Given to Jury.

Chicago, April 20.—The trial of Emil Roeski, associate of the car barn bandits, Neidermeier, Van Dine and Marx, for the murder of Otto Bauer, last July, came to an end last night and was given to the jury. At 11 o'clock p. m. the jury had not reached an agreement and Judge Kersten adjourned court until today.

Blizzard in New York.

New York, April 20.—In many parts of New York state, Connecticut and Massachusetts there was a heavy fall of snow last night. In Central New York, the storm reached the proportions of a blizzard.

Before my baby was born I was in great misery. I was just able to be about but just as soon as I began to take Wine of Cardui, which had been recommended to me, I felt much better. In fact I felt that if it had not been for this medicine I would not have been strong enough to live through childbirth. But that was made comparatively easy by taking your medicine for four months before baby came. Wine of Cardui restored my health as I took it two months afterward. I cannot speak too highly of Wine of Cardui and I am glad to endorse it.

## AGAINST PETITIONERS

DECISION OF FEDERAL COURT AT  
ST. PAUL IN THE NORTHERN  
SECURITIES CASE.

DISTRIBUTION PLAN IS LEGAL

THE PRO RATA METHOD OF DIS-  
TRIBUTING STOCK NO VIOLATION OF DECREE.

St. Paul, April 20.—In the United States circuit court during the morning Judges Sanborn, Thayer, Van Devanter and Hook unanimously denied the application of Harriman and Pierce and the Oregon Short Line Railroad company for leave to intervene in the case of the United States against the Northern Securities company on the following grounds:

First—The plan of the directors of the Northern Securities company for the distribution of the stock of the Great Northern and Northern Pacific Railway companies is not violative of the decree in the Northern Securities case.

Second—No one but the United States can successfully appeal to the court to enjoin the execution of that plan on the ground that it is in violation of the Sherman anti-trust act and the United States expresses satisfaction with the present decree.

Third—The stock of the two railway companies is not in the custody of the court.

Fourth—An intervention is not necessary to enable the petitioners to protect any pecuniary interest or equity they have.

Judge Thayer delivered the opinion of the court.

TO CONTINUE THE ACTION.

Harriman Interests Intend to Begin a New Suit.

New York, April 20.—Legal representatives of the Harriman party were in conference with the banking interests in the afternoon. Later a representative of the latter interests said: "We intend to continue this action. Our lawyers have not yet decided when or where to make the next move. It may be in New Jersey or in this state."

DISCUSSED IN THE SENATE.

Question of Additional Accommodations in Office Rooms.

Washington, April 20.—The question of additional accommodations in the way of office and committee rooms occupied the attention of the senate the greater part of the day. The subject arose in connection with the provisions in the sundry civil appropriation bill, one for an extension of the East front of the Capitol building in accordance with sketches left by Architect Walters and the other for an outside senate office and committee building. Much variety of opinion was expressed and the question was still under consideration when the senate adjourned.

Seven minor bills were passed during the day.

## STATEHOOD MEASURE

HOUSE PASSES BILL CREATING  
TWO NEW STATES IN THE  
SOUTHWEST.

Washington, April 20.—After a debate extending through the entire session, the house Tuesday passed the bill providing for joint statehood of Oklahoma and Indian Territory under the name Oklahoma and of Arizona and New Mexico under the name of Arizona. In discussing the rule which had been reported by the committee on rules, providing for immediate consideration of the bill, Mr. Williams, the minority leader, declared that no Republican had any idea that the bill would become law at this session. Delegate Wilson of Arizona opposed the bill. It was favored by Delegates Rodey of New Mexico and McGuire of Oklahoma.

BREAK IN MAY CORN.

Armour Sells and Price of the Cereal Goes Down.

Chicago, April 20.—May corn had a savage break of 2 1/2 cents on 'change Tuesday, with Armour an open seller. The general impression was that the big line held by that house has been quietly liquidated during the past two weeks and that the deal is practically over. The Armour selling began shortly before noon and for an hour the pit was in a turmoil, anxious longs dumping their lines, fighting to get rid of their corn before the bottom went out of the market. One representative of the Armour company sold personally fully 500,000 bushels of May.

The Armour line originally was generally estimated as high as 15,000,000 bushels and it was accumulated mostly between 47 and 53. The closing price Tuesday for May was 49 1/2, just 2 1/2 under the final figures of Monday.

Barrington Ready to Die.

St. Louis, April 20.—"Lord" F. Seymour Barrington, convicted of the murder of James P. McCanis, has instructed his attorney not to enter an appeal in his case. He declares his innocence, but says that he is ready to die, as his imprisonment is unbearable.

American Girl Suicides in Berlin.

Berlin, April 20.—Miss Edith Briont of New York committed suicide with a revolver last night after visiting the grave of her lover, a German engineer, who died here shortly after his visit to America, where he met and became engaged to Miss Briont.

## PROPOSES INCREASED TAXES.

British Chancellor of the Exchequer Says Country Faces a Deficit.

London, April 20.—Austen Chamberlain, chancellor of the exchequer, estimates the expenditures of 1904-5 at \$714,400,000 and the revenue, on the basis of the existing taxation, at \$695,300,000, leaving a deficit of \$19,100,000 to be made up. He proposes, therefore, to increase the income tax by 2 cents. He also proposes an additional tax of 4 cents per pound on tea.

The chancellor further proposes a readjustment of the tobacco duties, imposing a duty of 81 cents on tobacco stripped before imported, also an additional duty of 12 cents on cigars and an additional 25 cents on foreign cigarettes.

Mr. Chamberlain proposed also to raise the moisture limit to 32 per cent and introduce three or four different rates in the drawbacks, which he hoped would increase Great Britain's tobacco export trade, especially to the colonies. The net gain by these tobacco changes was estimated at \$2,750,000.

## PENNSYLVANIA DEMOCRATS.

Send an Uninstructed Delegation to St. Louis Convention.

Harrisburg, Pa., April 20.—The Democratic state convention, which was held here Tuesday, voted down a motion to instruct the national delegates from Pennsylvania to vote for the nomination of Judge Alton B. Parker of New York for president. The delegates will go to St. Louis uninstructed and will be bound by the unit rule.

Justice Samuel Gustine Thompson of Philadelphia was nominated by acclamation for supreme court justice to succeed himself for the full term of twenty-one years.

The delegates at large to the national convention are Colonel J. M. Guffey, State Chairman J. K. P. Hall, ex-Governor Robert E. Pattison and Robert E. Wright.

## OPINION OF MR. BRYAN.

Believes Platform Will Prevent Nomination of Judge Parker.

Lincoln, Neb., April 20.—W. J. Bryan gave to the press the following statement concerning the action of the New York Democratic state convention:

"I do not think the instructions will give Judge Parker any additional strength, but the platform adopted by the convention ought to prevent his nomination unless the Democrats when they assemble at St. Louis decide to attempt a confidence game on the public."

## SIX PERSONS PERISH

TWO WOMEN AND FOUR CHILD-  
REN BURNED TO DEATH AT  
GARRETT, PA.

Somerset, Pa., April 20.—Two women and four children were burned to death in a fire which destroyed the home of a miner named Meyers at Garrett, during a clash between union and nonunion miners. The dead are Mrs. Roanna Meyers, Lucinda Meyers, 30 years old; Annie Meyers, 8 years; Richard Meyers, 5 years, and two young children of Lucinda Meyers.

Trouble has been brewing at Garrett since the inauguration of the miners' strike five months ago. A number of the striking miners at Garrett own homes there, but recently the Garrett Coal company erected a number of houses and the bringing of new men to occupy these houses and take the places of the workers in the mines has worked the latter up to a high state of excitement and resentment. The strikers have been parading the streets openly armed and they have prevented the moving of the household goods of incoming miners from the railway station to the new company houses.

The fire may or may not be connected with the strike. The house was a one and one-half story log building and the women and children were sleeping in the upper story.

The strikers lay the origin of the fire to a number of Italians, who are working for the Garrett Coal company, but what motive they could have for such a crime is not known.

## SWEEP THE STATE.

Democrats Elect Their Ticket in Louisiana.

New Orleans, April 20.—In the general election the Democrats Tuesday swept the state, electing their tickets headed by Former Justice N. C. Blanchard, for governor, and practically a solid representation in both houses of the legislature. The regular Republicans put no ticket in the field and practically no negro votes were cast. The legislature will probably elect Senator M. J. Foster to the United States senate.

At Gonzales, Sam Moore was killed by Sheriff Smith and this was the only election fight.

## FATAL WRECK IN MEXICO.

Eight Persons Killed and Dozens of Others Injured.

Mexico City, April 20.—The north-bound fast passenger train, No. 1, on the Mexican Central, which left this city at night, jumped the track about four kilometers north of Zacatecas Tuesday, resulting in the death of eight persons and the injuring of thirty-five or forty others.

Roeski's Case Given to Jury.

Chicago, April 20.—The trial of Emil Roeski, associate of the car barn bandits, Neidermeier, Van Dine and Marx, for the murder of Otto Bander, last July, came to an end last night and was given to the jury. At 11 o'clock p. m. the jury had not reached an agreement and Judge Kersten adjourned court until today.

Blizzard in New York.

New York, April 20.—In many parts of New York state, Connecticut and Massachusetts there was a heavy fall of snow last night. In Central New York, the storm reached the proportions of a blizzard.
